(18) - Final drive components are either standard pitch (70T ring gear) or fine pitch (78T ring gear).

Reverse fine pitch is no longer available.

- Ring gears must match forward drum (91-95 or 96-Up) and 96-Up is cut for 66506A bearing.

- Carrier does not include reductor, which require 2.945 diameter reductors. Standard duty carriers have a bushing extension housing. Heavy duty carriers have a bearing extension housing.
